

VILLAGE MUSIC SCHOOL ENSEMBLE PROGRAMS

VMS offers a friendly and relaxed setting for music education in the inviting Village Market Place located in Carpenter Village, Cary, N.C.

All of the following programs will help each student strengthen a solid base of musicianship by emphasizing ensemble and personal performance improvement. Additional attention will be given to the acquisition of knowledge and technique on their specific instrument, the expressive qualities of music and ways to broaden and focus their interest in music.

VMS ensemble programs create a positive environment in which students will associate with and make new friends of talented young musicians who share their excitement about music.

VMS will offer instructors and staff that are chosen not only for their professional excellence and teaching ability, but also for their devotion to and easy rapport with people of all ages. Outstanding teachers will provide each student with unique opportunities for learning.
